ABOUT HISTORY

The project started in 2020 with Antonio Barbosa going solo, releasing studio albums. Four years later the project became a four-piece band, making its live debut on 11 October.

ABOUT MUSIC, STAGE AND FUTURE

The new generation of Deathcore comes with this boyband with two studio albums and a live single. With a fresh aesthetic and an energetic stage show.

The age of the members is the attraction that catches the attention, as they are eager to release new music and revolutionize the scene.
